## Skills

---

### Programming Languages:

HTML  
CSS  
Javascript  
Objective-C  
Swift  
Firebase

### Operating Systems:

Mac OS  
Windows

### Software:

Sublime  
Visual Studios  
Xcode

### Methodology:

Agile

## Project Experience

---

### SpaceRun - Completed April 2017

#### About This Project

I chose to do a mobile application in particular an iOS application, this is because during my summer break of 2016 I was practicing my app development skills both on Android and iOS.

I decided to do an application that tracks the workouts of runners as fitness is something that I enjoy. I carried out many research gathering techniques like forums, questionnaires and focus groups. Going along to a Nike running club events in King Cross helped me begin my design also having a prototype of the interface helped the potential end users understand what it could look like

Things I used;  
MacBook, iPhone, xCode, Objective C, Swift, MapKit, Google Maps API, Facebook SDK, Firebase, Spotify SDK, Photoshop, SurkeyMonkey, Protoio,

## **WORK EXPERIENCE**

---

Waitrose Finchley Road (May 2017 - July 2017 - Night Shift)

Boots Harrow (November 2015 – September 2016)

Boots Heathrow T3 (July 2015 – August 2015 – Summer Job)

Aldo Watford (May 2014 – July 2015)

Pizza Hut (September 2013 - November 2013)

## **EDUCATION & QUALIFICATION**

---

Buckinghamshire New Uni (BSc Software Engineering Degree 2017)

Stanmore College

Rooks Heath High School

## **INTEREST & HOBBIES**

---

I watch/play football regularly, the team I support is Arsenal. Football is something I have always been passionate about but I keep myself up to date with other sports such as Tennis, Basketball and NFL. I have been to places like the Emirates Stadium, Wembley Stadium and Watford's Vicarage Road; I also read and keep up with current affairs. I have varied taste in music and also in fashion. Furthermore, I enjoy socialising and spending quality time with my family and friends. I also play video games with friends. I love technology. I try my hardest to be in tiptop condition physically with regular sessions at the gym also swimming. I also am a frequent cyclist, opting to take my bike over public transport.
